06/05/2018		Nissan North America Inc.	Manufacturer Service Campaign issued Campaign #PC630 LEAF 30KW BATTERY NTB18-039 Status: Remedy Available Locate an authorized Nissan dealer near you to obtain more information about this campaign - Learn more about this campaign
<p>Description: The software used by the Lithium-ion Battery Controller to calculate the battery's driving range and capacity is using incorrect parameters, resulting in the display of a capacity less than the actual amount. The new software corrects these parameters to provide an accurate representation of the battery's capacity on the driving range and Lithium-ion battery capacity level gauges.</p> <p>Failure to have this software installed may result in battery capacity level-gauges that continue to show an understated remaining charge and driving distance available.</p> <p>Remedy: Dealers will reprogram the 30 kWh Lithium-ion Battery Controller (LBC) to correct the software used for the distance remaining and battery capacity gauges. This procedure will be performed at no cost to you for parts and labor. Additionally, this service should take less than one (1) hour to complete, but your Nissan dealer may require your vehicle for a longer period of time based upon their work schedule.</p>

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
